Introducing the **CR-8**

Designed for basic or limited quantity hardness testing, the Clark CR-8 test is a dial indicator, Rockwell type hardness tester that is simple to operate and produces accurate results.

Special Features:

- Speed efficient Rockwell type testes in 5 to 10 seconds
- Performs up to 15 different Rockwell scales
- Easy to use dial indicator that's straight-forward with accurate results.
- Heavy duty cast iron housing that's durable in all environments
- Simple easy to use operation at an affordable price
- Calibrated and ready to use

United Service Company Inc is an ISO-17025 certified company with well over 100 years combined experience providing service and recommending the correct machine for your needs. Our major objective is to supply to our customers the best products, advice, and on-time service possible.
